

Based on revolutionary Front-End & Back-End technology

Medivision Gold C & F Features

MediVision Gold C & F is specially developed for medical, pharmaceutical, surgical, cosmetics C & F Agents, C & A Agents and Super Stockists . It covers every aspect of the C & F business. It includes all features for online billing, inventory management and accounting up to finalization.

- * Large number of satisfied users
- * Product is being developed for more than 10 years and is still developed continuously
- * A windows based product developed using self-developed front-end & back-end technology. Does not require any other database license to use, thus saving you from additional cost or fear of using pirated database or a database with limitations.
- * Self-developed back-end offers superb speed & tamper-proof data security. No one can open, view, modify data outside the program – preventing frauds in your shop.
- * Online (Internet based chat/Email/Remote Access) & Telephonic support through our dedicated call centre
- * Very simple to use. No computer course is required. Workers in your shop can start using it within a few minutes.
- * Numerous short cut keys for quick operations. Helps to handle in rush hours.
- * Includes almost everything that is required to effectively manage a C & F business.
- * Manage working of Multiple companies
- * Includes complete accounting up to finalization. Avoid all time, money & efforts for maintaining separate accounting. Just feed your regular transactions. MediVision Gold C & F will automatically maintain all accounting. Export data compatible with the “Tally” software for finalizations.
